

Share Trading Policy

Trading by the Directors and Officers in the Company's Shares

The Directors have resolved to adopt the following policy in relation to trading by Directors and Officers in the Company's shares.

1. The Directors and Officers will not engage in short term trading of the Company's shares.
2. The Directors and Officers will not buy or sell shares at a time when they possess information which, if disclosed publicly, would be likely to materially affect the market price of the Company's shares. Information is not considered to be generally available until a reasonable time has elapsed to allow the market to absorb these announcements.

To assist Directors and Officers in abiding by these principles the following rules have been established relating to when Directors and Officers can buy and sell the Company's shares from the release of the following information to the market until 50 days after the release to the market of the Company's:

- Half yearly result (approximate dates for the trading window will be end of May until second week of July)
- Full year result (Approximate dates for the trading window will be end of November until second week of January); and
- Other releases which change or confirm guidance to market (excluding both the Annual Report and the Half Year Report).

The trading windows will be published in the Board Calendar each year.

At all other times, the Director/Officer must request approval from the Board (as a minimum the Chairman) in advance of any intended transactions involving the Company's shares. It is recognised that there may be circumstances where it may not be appropriate for Directors and Officers to buy and sell within the above 50 day window in the event the company is involved in strategic initiatives (such as acquisitions) which could materially affect the market price of the company's shares. The Chairman will respond to this request in writing with the approval or denial of the request.

The Directors and Officers must advise the company secretary of any completed trades immediately (and definitely no later than 1 day after each transaction). This will allow the company secretary sufficient time so that the ASX can be notified of their change in shareholding within the required period. A register of Director's holdings will be made available for inspection at every Board meeting.

This policy shall apply to Directors and Officers (including their nominee companies) and their entities which they control.

For the purpose of this Policy, Officer is deemed to include the following parties:

- a) persons named by the Executive Chairman from time to time who may be involved in strategic issues;
- b) persons named by the Executive Chairman from time to time who are involved in Financial reporting;
- c) executive officers of the company as defined in section 9 of the Corporations Act being: 'any person by whatever name called ... who is concerned or takes part in the management'.
